Issue Number FY17	Title	Assigned To	Opened Date	Due Date/Date Closed	Concern	Response	Status
1	PCSing with Pets	405th	14-Feb-17	31-Mar-17	Pets on the shuttle bus to the Ramstein Airport are being placed in the under-bus luggage/cargo compartment. This area is not climate controlled and poses a hazard to pets during very cold or hot temperatures.	All animals, except carry-on pets (only 10 per flight), must ride in the belly of the Patriot Express, which is not climate controlled. It can be extremely hot while on the ground in the summer and is extremely cold at high altitudes regardless of the season. For more pet travel options, visit www.eur.army.mil/news/2012/05212012-patriot-express-offers-options-for-pet-travel.htm .	Closed
2	Shuttle Bus to Airport	405th	14-Feb-17	31-Mar-17	The Shuttle bus from the Hotels to the Ramstein Airport still occurs around midnight but the Patriot Express flight time has adjusted to a much later time. This causes families to be stuck in the terminal with their children, pets and belongings all day after traveling by bus all night. Can this timeline be adjusted to being more user friendly?	The USAG Bavaria Logistics Readiness Center investigated into changing the times based on community feedback. Accommodating all passengers, both inbound and outbound, is the top priority of the Patriot Express shuttles. The shuttles are scheduled to accommodate both in and outbound passengers. The shuttle, for example, leaves Grafenwoehr in the evening to arrive at Ramstein in time to catch the morning inbound passengers so they can bring them to Grafenwoehr. Unfortunately, some of the Patriot Express flights arrive at Ramstein, drop off passengers, and then depart to Turkey and back before picking up CONUS bound Germany passengers. As a result, some passengers have a longer wait than others.	Closed
3	German American Volksfest	FMWR	14-Feb-17	10-Mar-17	With the Volksfest on the horizon, is it possible to develop an online Food Handlers course	Initial Volksfest meeting took place 15-Feb-17. MWR leadership can provide additional planning meeting timelines.	Closed

					similar to what is offered at Benning, Hood, JBLM and others?		
4	MP Assistance requested	DES	14-Feb-17	31-Mar-17	Request MP assistance to enforce POVs not driving on the sidewalks and pathways around our Soldiers living areas. Leaders and Staff Duty are making corrections but is a larger issue that affects all units (CSM Kenneth Franco 1-91 CAV).	<p>The USAG Bavaria Directorate of Emergency Services (DES) has raised the issue with local law enforcement. Eschenbach Polizei and Garrison Emergency Services will be taking a more pro-active approach to traffic violations in the Netzaberg housing area. Some of the fines you can start expecting:</p> <ul style="list-style-type: none"> • Parking on sidewalk and/or impeding sidewalk €20-30 fine • Abandoned vehicle removal and up to €1,000 fine • Parking in a bus lane or no parking area €10-35 fine • Failure to obey crosswalk signal depending on severity • Pedestrian €5 fine, Bicycle €60-120 fine • Vehicle: €200-360 fine • Washing vehicle / identified HAZMAT leak €50-1,000 fine 	Closed
5	CLIF Slides	S 3/5	14-Feb-17	10-Mar-17	Customer is in favour that there are 2 flyers printed per page. Could Aachen slides be slotted together?	Thank you. We will review future slides and try to consolidate the Camps slides.	Closed

6	Recycle Concern	DPW	14-Feb-17	14-Mar-17	<p>Why do some of the Germans go to the Recycle and open our trash bags (some include peoples home addresses etc.) The second concern is that some of them do this during their work hours.</p>	<p>There are Directorate of Public Works employees that are responsible for making sure recycling is happening according to the regulation. They will frequently open recycle bags to ensure only the appropriate items are being discarded. The contractor will also do this during working hours, as it is their contractual obligation to ensure they are only picking up the appropriate recycle material. If customers are leaving PII or other identifying/sensitive information unshredded or otherwise exposed in either trash or recyclables, this is exposing that customer and the Army to an OPSEC risk. PII and other sensitive information should also be destroyed thoroughly before being placed in the trash/recycle containers to avoid such risks.</p>	Close d
7	Assigned Seating at CLIF	S 3/5	14-Feb-17	10-Mar-17	<p>To support teams arriving separately I miss the assigned seating. It's helpful to teams that need/want to confer on items of particular emphasis. Also if the speakers could not take up spots at the table until all teams are seated that would help as well. Arriving 10 - 15 minutes early is not always possible. Speakers can more easily fill in single spots.</p>	<p>1. The idea of not having assigned seating was to allow Soldiers and Civilians the opportunity to sit wherever they would like. 2. Briefers are provided chairs near the lectern to cut down on transition time.</p>	Close d

8	Larger space for Thrift Stores TB/RB	Command Group	14-Mar-17	21-Mar-17	The Thrift Stores in TB and RB are very small. Could it be moved to an area that is easier to find and has more space to include storage space?	The garrison contacted the Bavarian Community & Spouses Club, the organization that runs the Thrift Stores, about this question. If the BCSC is interested in pursuing this, we will put them in contact with the garrison personnel who manage the space planning process for information on how to submit a request.	Open
9	Self Defense Class	FMWR/ACS	14-Mar-17	21-Mar-17	Can ACS please put more information/flyers out about the self defense class?	Self defense class already occurred	Closed
10	Consulate Outreach days	DHR	14-Mar-17	21-Mar-17	Please advertise the Consulate Outreach days more. Today was the first time many spouses heard about it.	The next Consulate Outreach is in October. We will start advertising this well in advance.	Closed
11	Spouse appreciation day	Command Group	14-Mar-17	21-Mar-17	Will there anything be planned for the spouse appreciation day on 12 May 17?	A list of events provided by organizations across the installation was published at the CLIF 11 APR and in the CLIF slides posted on the USAG Bavaria website (www.Bavaria.army.mil)	Closed
12	Youth Sports	FMWR	14-Mar-17	21-Mar-17	Why is the sports program still splitting into two locations (TB/RB)? Kids are signed up before the deadline but when not enough children are registered for one side it is cancelled. Those kids are then out of luck even though they were registered before some of the kids on the other side. Why don't they change it to one registration group with a comment option to request a	In the spring sports season, Youth sports is fielding 49 teams across the Garrison. We need community support to run sports programs as they are staffed with volunteers. We continuously recruit volunteers but are not always able to recruit and complete background checks to meet the demand. When we don't have a coach for a team, we unfortunately have to inform the families that there is no availability in the location that they requested and offer them a space on the alternate side of the Garrison. If parents do not promptly respond to these emails, there may not be availability. In the future we will continue to recruit volunteers and ask that our community members step forward and volunteer to be a sports coach and truly make a difference in a child/youth's life.	Closed

					"side". More work for youth sports but similar to what other installations do for dividing teams.		
13	Events for teenage girls	Command Group	14-Mar-17	21-Mar-17	Which events are conducted for teenage girls in Garmisch (Girl Scouts?)	Currently, there is not a Girl Scout POC in the Garmisch community. There is a Youth Center for middle and high schoolers, open Mon.-Thurs. 1400-1800 and Fri. 1400-2200. One of the activities at the Youth Center is a Girls Club, which meets Friday afternoon; for more information about the Girls Club or other Youth Center activities, call DSN 440-2654 or CIV 08821-750-2654.	Closed
14	School closure on training holidays	DoDDS	14-Mar-17	21-Mar-17	Schools in Hohenfels are closed on training holidays in alignment with the Military Schedule. Can this be considered here at TB/RB?	DoDEA HQ sets the dates for: Opening of school, End of each Quarter, End of Semester, Winter Break, Spring Break, and Standardized Testing Schedules. The schools have been given the training calendar for the Grafenwoehr/Vilseck/Netzaberg Community. These three area schools plan as a complex and will make every effort to plan Professional Development days according to the training calendar when possible.	Closed
15	High School Calendars	DoDDS	14-Mar-17	21-Mar-17	The calendar for the High School in Vilseck only shows events for the next two weeks. Can the calendars show events that are planned further out?	The Vilseck High School Calendar is up to date all the way through June. If you click on the "Full Calendar" link under the Upcoming Evenst section, a full calendar will open. Events are listed on each month's calendar.	Closed

16	School closure on training holidays	DoDDS	11-Apr-17	19-Apr-17	Schools in Hohenfels are closed on training holidays in alignment with the Military Schedule. Can this be considered here at TB/RB? This concern was answered by DoDEA but customer requested a suspense date for the decision.	DoDEA leadership is aware of this issue and is working to provide an explanation or solution.	Open
17	Add POC on briefing slides	S3/5	11-Apr-17	19-Apr-17	Please consider adding slide with name, position, phone and email of each briefer, kind of an index for POC	Great advice. The S3/5 shop has begun implementing this suggestion.	Closed
18	SOFA Agreement for Dual Citizen	Command Group	09-May-17	19-May-17	Is there a way to lift the SOFA Agreement for Dual Citizen to work under US Employment for Military Spouses or Dependents?	Understandably, employment is a top concern for military dependents. Unfortunately, there is not a way to lift the Status of Forces Agreement, short of the U.S. and German governments reworking it. If family members have questions about employment possibilities, we encourage them to check with available resources listed at www.bavaria.army.mil/employment .	Closed
19	Plan of the week (PLOW)	S3/5	09-May-17	19-May-17	Can Civilian numbers be added instead of DSN? The prefixes are changing as we transition to new numbers and it isn't as intuitive for families	PLOW was update to reflect civilian phone numbers.	Closed

20	Aggressive Dogs at Netzaberg	DPW	09-May-17	19-May-17	Fences are not high enough and therefore a safety issue for people walking by especially walking with dogs. Large dogs in the neighborhood are jumping the fences even when they are chained. Can the Garrison ask for them to pay housing to install taller fences as a requirement of signing the lease?	Pet Owners are responsible for their pets. Residents should call the appropriate police department to report aggressive animals.	Close d
21	Location for Kids	ACS	09-May-17	19-May-17	Can we get a location for kids to do Community Service Hours for school? NJHS National Junior Honor Society.	Issue was moved from DPW to ACS. In order for ACS to find a solution, they need more information and request the community member shares his or her contact information.	Close d
22	Path to be paved	DPW	09-May-17	19-May-17	Can the path in Netzaberg between Hopfenohr Strasse and JFK Ring be paved? The path connects the neighborhood to the school and is dirty and hilly. It is real icy in the winter and muddy when it rains. It is a challenge for people with strollers, scooters etc.	This was revied by legal. The result was that it is not allowed to spend government resources on off-post private property. DPW cannot legally pave/repair this path. CSM Todd will reach out to the mayor of Eschenbach and the contractors for Netzaberg to find a solution.	Open

23	Shuttle Bus to Netzaberg Chapel	405th	09-May-17	19-May-17	Can we establish a shuttle bus between Tower Barracks and the Netzaberg Chapel for Soldiers and family members without cars?	We will work with key stakeholders in considering an expansion in any future review of shuttle services. The USAG Bavaria Logistics Readiness Center was informed by Chaplain Pies that the rotational forces (RAF) were supporting the shuttle between Tower Barracks and the Netzaberg Chapel. The USAG Bavaria Logistics Readiness Center, unfortunately, is unable to resource an expansion of shuttle services at this time.	Close d
24	Sync Family events with training calendar	Command Group	13-Jun-17	28-Jun-17	Can we establish a system to better sync events intended for Families with what is on the training calendar? (RSO Garmisch trip is during Saber Guardian execution).	We have processes in place to synch garrison events with the calendars of our mission and community partners. There are always a number of factors to consider when scheduling events, top among them being when the intended audience would most be able to participate. We appreciate the question and take it as a reminder to work our processes diligently.	Close d
25	Road conditions	S3/5	13-Jun-17	28-Jun-17	It is very hard to find the road conditions on the website and it is not very well maintained. There has to be a better way to communicate the road conditions. Road closures need to be communicated early. It is impossible to get accountability in a cellular dead zone at 0600 hours.	The Road Conditions Link is distinctly located on the right key topic menu of the USAG Bavaria HomePage. One click and the reader is connected to the IMCOM Europe consolidated road conditions and school closure webpage. This site provides easy to read information on TMP Dispatch ratings, road conditions, weather, and school status. The road condition decision process is conducted in a timely manner to ensure notification are sent prior to PT and School Bus start times. Upon a decision, the Garrison uses multiple communication methods to ensure widespread community information. Methods include: FaceBook, Twitter, AtHoc, SMS, Cell Phone, Website, and LandLine.	Close d

26	Out-processing	DHR	13-Jun-17	28-Jun-17	Can there be an increase in pre-cleared places? Can we get a map that specifies clearing locations?	We are currently working with Community agency to train them on ISM capabilities which will better facilitate "pre-clearing" Soldiers. WE anticipate ISM will be fully operational by the end of July. We already provide maps of the installation(s) across Bavaria. They are provided when Soldiers pick up their clearing papers. We will also add the map to our online levy brief.	Close d
27	Maps	DPW	13-Jun-17	28-Jun-17	Can we get updated community maps with facilities?	Updated Maps are available at Public Affairs office.	Close d
28	Article about FP exercise	PAO	13-Jun-17	28-Jun-17	Can PAO produce an article on the upcoming FP exercise?	USAG Bavaria PAO published an article at www.bavaria.army.mil June 6 on the upcoming Force Protection exercise at www.bavariannews.com/annual-force-protection-exercise-may-affect-you . Another article that may be of interest is our "Community Member's guide to understanding FPCON" at www.bavariannews.com/a-community-members-guide-to-understanding-fpcon .	Close d
29	AFN in the Welcome Center	DHR	11-Jul-17	28-Jul-17	Can we get AFN on one of the TVs not being used in the Welcome Center? This could be especially useful now that the room will be open all day for spouses and soldiers in-processing.	A good idea. DHR is now exploring options to provide AFN in the USAG Bavaria Welcome Center.	Close d
30	German Classes at USO	USO	11-Jul-17	28-Jul-17	USO formerly provided a free class introduction to two nights per week. It was not well publicized. Can this program be reinstated?	We are happy there is still interest. Class attendance has been sporadic at best. The class was publicized in the same manner as all USO programs. USO is considering revamping the class with the hopes of garnering increased participation.	Close d

31	Registration in AtHoc	S3/5	11-Jul-17	28-Jul-17	Can personnel register for AtHoc during in-processing?	Department of the Army recently directed AtHoc registration be established at the unit level. USAG Bavaria is in the process of coordinating this effort across all mission partners. This will require every organization to establish a process for new personnel as well as personnel leaving the unit. We expect this process to be fully implemented by 01 October.	Close d
32	Functional Fitness area at Field House	FMWR	11-Jul-17	28-Jul-17	Is there a timeframe to when the field house functional fitness area will be opened for use?	We owe it to our Soldiers and families to provide fitness centers to maintain healthy readiness. We are required to provide 90 open hours of gym time. We don't agree that this is enough, which is why we aim to open the 24/7 fitness center soon enough. Unfortunately, we are unable to forecast an opening until all the contracted work is complete. Stay connected. We'll keep you updated!	Close d
33	Pets in the under-bus cargo department	405th	11-Jul-17	28-Jul-17	The question about dogs under the bus going to Ramstein was not answered. The answer provided was about pets in the cargo department of the planes. Can we please get an answer regarding pets under the bus which is not climate controlled as it poses a hazard to pets during hot and cold temperatures.	Bus tender follows German regulation in allowing transport of pets in kennels in the cargo hold of the bus.	Close d

34	Claims for damages	Finance	11-Jul-17	28-Jul-17	Moving/Shipping damage claims should be fileable by spouse without CAC. Spouses generally handle household goods.	<p>There are two main options for claimants with regard to filing HHG claims. Option one is to file against the carrier directly to trigger full replacement value. This is done on-line in the DPS system. To file on-post at the OSJA, a claimant must have a CAC card to access the government computer network in the DPS system on-line. A spouse who does not possess a CAC card may work around this by using an off-post private computer to visit the www.move.mil website. At the site, the spouse may set up an account and password. Once the account is active, the claimant may then file a DPS claim on-line using only the password protected www.move.mil account.</p>	Closed
						<p>Option two is to file against the Army. This can be done in person at the local European claims office or on-line via PCLAIMS+. This option does not trigger full replacement value, and the Army adjudication will use depreciated values to calculate a payment. As it stands now, a claimant must have an AKO account to access PCLAIMS+ to file on-line against the Army. For quite some time, the Army has required a CAC card to access AKO. This is based on an ARCYBER requirement that DMDC - DS Login be the only official access via user name and password. The details about why are not clear, but the Army expectation is for spouses/non-CAC holders to visit their local European claims office to get face-to-face assistance with creating a profile and claim for them. For more information visit http://www.eur.army.mil/7atc/SJA.html#Claims</p>	Closed

35	Welcome Center	DHR	11-Jul-17	28-Jul-17	Who provides winter maintenance for the child play and pet area at the Welcome Center? Will there be a covered/shaded area during summer?	DHR will provide winter maintenance for the Child Play and Pet area at the Welcome Center. There is a Gazebo built by DPW in between the Child play area and pet area.	Close d
36	Maps	DPW	08-Aug-17	25-Aug-17	The updated community maps still need adjusting. 1) Verify Graf Thrift Shop location. 2) Separate Spouses Clubs are now combined as the Bavaria Community and Spouses Club (BCSC) on TB. BCSC operates both Graf and Vilseck Thrift Stores.	DPW will provide an update to the community maps based on the suggested changes in the near future.	Close d

37	School Liaison Officer (SLO)	DFMWR	08-Aug-17	25-Aug-17	Can an additional SLO be added for the Graf/Vilseck schools?	We are committed to keeping parents connected to the schools. That's why we employ a School Liaison Officer (SLO) to build those relationships and facilitate communication among Army Families and the local school community. But we are limited on the number we can employ. The SLO position is funded by CYS and is a Uniform Funding and Management (UFM)-funded position. Based upon the Financial Performance Assessment conducted by the Chief of Army CYS in May 2017, she and her team determined that OCONUS locations would only be funded with one SLO. In many of the OCONUS locations, the SLO serves only one school district - DODDS. Because of this, we are currently funded for only one SLO to serve the Grafenwoehr Military Community (Grafenwoehr, Netzaberg and Vilseck). I encourage Community Leaders and Senior Spouses to contact CYS Leadership, in particular, the CYS Chief, to express the rationale for an additional SLO. If the need is justified and approved by G9, CYS Leadership can negotiate with G9 to fund the addition of a 2nd SLO in FY 19.	Close d
38	Community Garden	DPW	08-Aug-17	25-Aug-17	Can vacant plots be mowed down at the gardening area on Graf?	Assigned plots in the gardening area are maintained by the plot owner. Vacant plots will be mowed by the DPW.	Close d
39	German Language Instruction	DFMWR	08-Aug-17	25-Aug-17	When is German language instruction offered on Graf?	The Army Community Service is currently in the process of soliciting for contracted German Language classes. Stay connected to the USAG Bavaria MWR website and Facebook page for updates.	Close d

40	ACS & FAP Brief	DFMWR	08-Aug-17	25-Aug-17	Can the CO/1SG Course (CCFSC) incorporate the mandatory ACS & FAP briefs?	<p>This is a great idea and a good use of time. Unfortunately, this does not appear to be an acceptable or suitable solution. Here's why:</p> <ol style="list-style-type: none"> 1. These briefings really meet their intent at a smaller scale 1:4 or so vs. the 1:40 instructor to student ration in the CCFS course; not suitable. 2. The briefings should be centric to the specific Garrison the CC or FS and their team are from. The CCFSC contains teams from all across USAREUR, and would therefore require ACS from all USAGs to send reps to brief; not acceptable. 3. Conducting the mandatory briefs within the footprint/turf of Command Teams is also more value added and personable, especially with the sensitivity of these topics. 	Closed
41	Passport Services	DHR	8-Aug-17	25-Aug-17	Verify Passport offices at Graf and Hohenfels have the same policies. For passport renewal, Graf confiscates current passport, whereas Hohenfels lets you keep it.	<p>The procedures are the same at all USAG Bavaria locations. Renewal procedures, however, depend on the circumstances of the renewal. If you are renewing a passport that is expired or 30 days from expiring, it has to be included in the renewal application package that gets forwarded to the Consulate. For renewals of passports that have greater than 30 days until expiration, only a copy of the valid passport needs to go forward to the Consulate as part of the renewal package.</p>	Closed

42	DODEA Pre-Registration Online	DODEA	12-Sep-17	12-Sep-17	Does DoDEA online registration work?	Parents can pre-register their children online at http://www.dodea.edu/parents/registration.cfm . However, human resources and IT staff at schools in USAG Bavaria are experiencing technical difficulties. We aim to resolve these computer glitches as soon as possible. In the meantime parents can register and enroll their children at the registrar's office of their respective school.	Close d
43	Quick Alterations	PAO	12-Sep-17	12-Sep-17	Where can I go to get uniform badges and alterations quickly?	The AAFES Military Clothing store offers badges. They are located at Tower Barracks, Bldg. 534 and can be reached at DSN 475-7109, 09641-3115. The Alterations shop can sew them on. The Alterations shop is next to the AAFES Express (gas station) and can be reached at DSN 475-7931, CIV 09641-1232. For more, visit https://www.shopmyexchange.com/exchange-stores/Germany/AE/Grafenwoehr/Grafenwoehr--1375142 . Alternatively, community members recommend the alterations shop off-post near Gate 3 (across from McDonald's). Home Based Businesses also offer these services same day. Look for "Sew it Mae Seam" in Vilseck.	Close d

44	Netzaberg Trash	DPW	10-Oct-17	27-Oct-17	What is being done about the trash left in the recycling areas in Netzaberg?	This has been an ongoing problem for many years. Detailed information is available online (https://www.facebook.com/USAGBavariaNetZeroRecycling or http://www.bavaria.army.mil/trash) or hardcopies are available at Self Help Stores, Housing and SORT Office. Prevention must start with the appointed Area-and Building Coordinators cooperation along with residents to stop illegal dumping/misuse of refuse/recyclable containers. Support by commanders and supervisors at all levels with enforcement/checks within their area is the key to a successful recycling policy. It is everyone's responsibility for compliance! Violators might also be subject to corrective action/adverse action/punishment under UCMJ.	Close d
45	Home Based Business (HBB)	DHR	10-Oct-17	27-Oct-17	Why does HBB not approve food related services (baking, etc.)?	Not all food related services are prohibited. If you have a culinary degree/certificate there may be a possibility to obtain an HBB, it all depends on the Host Nation Trade Office in the city you reside in and German law. For more information visit, www.bavaria.army.mil/employment or visit the HBB Office.	Close d
46	Tank Trail Markings	DPW	14-Nov-17	1-Dec-17	Due to reduced visibility in the fall/winter season, can the markings/lines be maintained/upgraded on the tank trail?	Due to tracked vehicle traffic and sand and dirt from the training area, the center lines get worn off quickly. Maintaining center lines on One Community Road is done routinely.	Close d

47	Housing Office Work Orders	DPW	14-Nov-17	1-Dec-17	It is very difficult to get a work order submitted by telephone. Hardly anyone ever answers and the capability to leave a message never works.	The leased housing office, which handles work order requests, processes work order requests constantly due to the large number of leased housing units they manage. As a result, they cannot always answer the phone when it rings because they are busy with calls or processing work order requests for customers. In order to assist with this problem, DPW has established an additional method for submitting work requests. Customers can submit work requests on the USAG Bavaria web page http://www.bavaria.army.mil/workorder/index.html or by email at: usarmy.bavaria.imcom-europe.mbx.dpw-hsg-leased-housing@mail.mil	Close d
48	Netzaberg School Traffic	DES	9-Jan-18	2-Feb-18	Privately owned vehicles are blocking school bus and parent pick up and drop off locations during morning and afternoons at Netzaberg schools.	Directorate of Emergency Services will patrol the school during those times to ensure the proper flow of traffic.	Close d
49	ICE Comments	S3/5	9-Jan-18	2-Feb-18	What is the turnaround time for responding to ICE comments?	Installation Management Command policy is for ICE Service Provider Managers to respond to customers, that have requested response and provided contact information, within 3 working days or less.	Close d
50	Baby Changing Tables	DFMWR	9-Jan-18	2-Feb-18	Can baby changing tables be installed in the library at Rose Barracks?	DFMWR is in the process of acquiring a baby changing table which will be placed in the handicapped bathroom. Estimated completion is 28 Feb 18.	Close d

51	Gate 9 Traffic Light	DPW	13-Feb-18	2-Mar-18	Why did they turn the traffic light back on at gate 9? Traffic flowed much better when it was only the stop signs.	The traffic lights weren't functioning due to a damaged controller. They were turned back on after the repair was made. Personal safety and accident avoidance is the first priority. This will be taken under consideration if the traffic pattern and intersection is determined to be adequately controlled by signs instead of lights.	Close d
52	School Running Track	DODEA	13-Mar-18	4-Apr-18	Can Soldiers / Community Members use the running track at Vilseck High School in Rose Barracks?	The running track at Vilseck High School (VHS) is available for unit PT but, only outside of school and practice times, between 7:30 and 17:30. The unit POC will need to submit a VHS request form prior. Parking is limited, highly recommend parking in the PX parking lot.	Close d
53	New Employee Orientation	DHR	13-Mar-18	4-Apr-18	Inprocessing needs to be addressed for new GS employees coming to Europe. Can reps from CPAC, DRM, and DPW provide briefings on how to complete documents (i.e. SF1190)? Provide instruction on housing options, utilities, etc. Possible windshield tour for civilians?	DHR is in the process of creating a SOP and Onboarding Handbook for Newcomers and their families.	Close d
54	Calendar / Event Info	S3/5	11-May-18	29-May-18	Request expansion of date ranges for events and offerings. Example: Project newcomer briefs through August.	During the monthly CLIF, dates for events are provided one month out. Individual service providers usually provide information on events with dates projected further out.	Close d

55	Pet Clean Up in Public Areas	DPW	11-May-18	29-May-18	Pet owners are not cleaning up after their pets. Request additional receptacles and bags to dispose of animal waste in public areas. Upgrade to devices / signs / policy and enforcement.	Please submit work order for additional receptacles. Area coordinators should enforce pet clean up policies.	Close d
56	Pet Air Travel	DHR	11-May-18	29-May-18	Please ensure the latest information and restrictions on pet travel is being disseminated to those individuals who are PCSing.	Upon scheduling of household goods and booking flights when traveling from OCONUS, the information on pet travel will be discussed at the SATO office. General information is provided along with airline specific information on current pet travel policies and restrictions. Your air travel itinerary should be annotated that you are traveling with pets. Vaccinations are also a requirement for transport, so a visit to the Veterinary clinic is also advisable.	Close d

Community Leader Information Forum (CLIF) Hohenfels

Issue Number FY17	Title	Assigned To	Opened Date	Due Date/Date Closed	Concern	Response	Status
1	Exchange Gas Station	Exchange	22-Feb-17	31-Mar-17	Can the gas station have the sliding window open especially during the winter time to prevent that mothers of little children have to take them out in the cold?	Our Facilities management office is engaged and is working to modify the window to accommodate our current credit card readers. The new PCI Compliant readers are too big to fit in the existing drawer for customers to enter PIN numbers.	Closed

2	BIG Events	FMWR	22-Feb-17	31-Mar-17	There are no special BIG Events brought to Hohenfels and if there a big events at Grafenwoehr, the Hohenfels customers either have to drive up ahead of time to get tickets or have to leave super early to get in line for an event. One suggested solution was to offer a selected number of tickets specifically for Hohenfels.	Depending on the event, we are offered the same events as Grafenwoehr. Some of the larger events, like the Globe Trotters, require large spaces and things that we cannot provide. When we have in the past been offered tickets for Hohenfels, it has turned out very well. We could also offer a bus maybe for a small fee to transport from Hohenfels.	Closed
3	Hallo Hohenfels	Command Group	22-Feb-17	31-Mar-17	Invite Senior Spouses or at least the senior spouse of 1-4 INF to Hallo Hohenfels so they could meet other spouses.	1-4 INF Commander's wife will attend future HHs	Closed
4	Profit from joint events	FMWR	22-Feb-17	31-Mar-17	A request that the profit from joint events between FMWR and Spouses club i.e. Bazaar goes back into the Hohenfels community and not into Big MWR or USAG Bavaria pockets. When customers from Hohenfels spen money at the bazaars they are under the impression that it goes back into the community when	The Hohefels Spouse Club is contracted by USAG Bavaria Family and MWR to assist with the delivery of the Hohfenfels Bazaar; the terms of payment are defined within the contract. The revenue from the Hohenfels bazaar most assuredly benefits the community.	Closed

					several people were told that it doesn't.		
5	Products at Commissary	DECA	22-Feb-17	31-Mar-17	<p>The Commissary is always lacking in products and many people don't want to shop at the commissary because they rarely have everything that they need. If supply is an issue at our specific post, up our BAS so we can shop more on the economy.</p>	<p>The Hohenfels Commissary is committed to making sure our shelves are full of products. There may be occasions that particular products may not be in stock at our central warehouse located in Kaiserslautern, and for products we have a separate label beside the original label that states " This Product Is Temporarily Not Available." In addition certain products within the commissary system are designated by commissary size (K1 - K4) and therefore not all products are normally available at the smaller stores. For example; Hohenfels is designated as a K2 size store verses Vilseck is designated as a K3 size store & Grafenwoehr is designated as a Large K3/K4 size store. That doesn't mean we cannot get the products if a customer would like us to, we can special order those items for them, it's that we don't or may not carry those items normally.</p>	Closed

6	Commissary Closure	DECA	22-Feb-17	31-Mar-17	<p>With the community being so remote and small it is frustrating to most customers that the commissary is closed on a Tuesday after being closed Monday that falls over a holiday. Many families go on holiday weekend trips and get back late Sunday. Most can wait one day without going to the commissary but having to wait two days often puts a lot of stress on these young families who only have one car and who rely on the commissary rather than going off post to shop.</p>	<p>The Defense Commissary Agency falls under the Department of Defense Budget Alignment - A Policy Letter was issued from DeCA Headquarters March 22, 2012 that stated IAW with DoD Budgeting Alignment the Agency would implement a policy concerning Holiday Openings & Closings for all its stores.</p>	Closed

7	COLA	USAREUER G1	17-Mar-17	17-Mar-17	Why did Hohenfels COLA drop, which Graf's increased?	<p>Defense Travel Management Office made the changes based on the November 2016 retail price schedule, also known as the COLA report. The retail price schedule is developed by price collection teams, who log prices at local retail establishments. Price collectors, for example, collect information on approximately 120 goods and services such as meat, groceries and clothing. Details provided by U.S. Army Europe at http://www.bavariannews.com/cost-of-living-allowance-goes-up-in-grafenwoehr-vilseck. COLA will decrease slightly in Hohenfels. Local currency prices in the area were lower in categories including telephone/internet, personal vehicle and clothing. These categories - because they include items representing a large portion of expenditures for service members (e.g. gasoline and internet) - had a substantial effect on the overall COLA index and is the primary reason for the overall decrease. The decrease goes into effect April 16, 2017.</p>	Closed
8	Boy Scouts	FMWR	20-Jul-17	31-Jul-17	Boy Scouts are paying rent to MWR. Is there a way that the rent could be paid by MWR or the building provided for free by the Garrison? Is there any flexibility in the policy?	<p>At this time, if the Boy Scouts intend to use MWR facilities, they will need to pay the NAF property rental fees. We are open to other courses of action.</p>	Closed

9	CYS Lunch Hours	FMWR	20-Jul-17	31-Jul-17	Can CYS stagger their lunch times to be open all day?	This is a great idea, especially with sufficient manpower. But at this time, CYS must maintain the standard lunch hour from 1130-1230.	Closed
