COMMANDER'S HIGHLIGHT

Bavaria, in March we launched the Bavaria Health Initiative aimed at inspiring healthy change among our community members—German and American, youth to retiree, service member and civilian. [BHI is gaining momentum](#) from fitness programs to ASAP's Decision-making Table Talk. And now, I'm happy to announce that we're taking a step forward with our new Designated Driver Program. Here's how it works: An individual at an on-post event serving alcohol is given a wristband identifying him or her as the designated driver. For the rest of the evening that DD is provided free non-alcoholic drinks. This is our effort to reduce or eliminate DUIs. What can you do? **#OwnMyReadiness**

[Safety, security key to social media use](#)

These days we can't go a moment or move a step without immediate access to some form of social media, but that kind of access can also impact operational security.

More than an indication of pay grade, Army ranks provide a system of leadership that indicates a Soldier's level of expertise, responsibility and authority inside that profession.

[Securing USAG Bavaria a shared responsibility](#)

Terrorism and crime continue to exist and threaten our Army community. Terrorists can attack anywhere and at any time.
